THE SCORE

A STRANGE ADOLESCENCE

Sure, here in this sleepy coastal suburb, we have high-quality public education, easy beach access, 330 days of sunshine a year, and seemingly no good right to complain.

But the living here isn't exactly easy: the jerk jocks and alpha bitches make life unbearable for anyone who doesn't fit their narrow definition of cool. Then there's the truly weird crap: the disappearances, the exsanguinations, the demon possessions, the ancient curses, and all the damn vampires.

So you keep your head down, mind your own business, and hope the hyenas don't smell your fear. You let your friends keep you sane, that motley assortment of freaks and geeks bound together by mutual awkwardness.

And maybe, just maybe, if you don't fuck up too bad, you might score a little respect, score that winning touchdown, score with the homecoming queen. Hell, you might even make it out of here alive.

MOVIE NIGHT

Buffy the Vampire Slayer, Carrie, The Faculty, Ginger Snaps, Lost Boys
